

### **Documents Required for the Clothing Certification**

1. If a certificate shall be issued, the applicant sends an application and copies of documents confirming state registration as a legal entity or a sole proprietor.
2. If the applicant is a seller, copies of documents confirming the origin of products, copies of the contract (agreement), as well as copies of transportation documents shall be provided.
3. Depending on the certification procedure, the applicant provides copies of operational documents, technical and design documentation, as well as information on raw materials and components.
